Penny Appeal always strives to respond to global disasters and emergencies as they happen, but more importantly, we are always working to grow our capacity. This means delivering aid quicker, better and towards a more sustainable impact, benefitting more people than ever before.

Crossing the finish lines after 26.2 miles could be one of your greatest achievements, made even better by the fact that you'll be raising funds to help support our [EMERGENCY RESPONSE](#) campaign to help protect and save thousands of families from the devastating effects of natural disasters and conflict.

The funds you raise are absolutely critical in our ability to act fast during a crisis.

War, famine, disease, poverty & climate change have immobilised communities in Myanmar, Syria, Yemen, Gaza, Indonesia and East Africa, and Penny Appeal need your support to be able to deploy life-saving medical aid, food, clothing, sanitation and shelter to those who've been left incredibly vulnerable.

Our teams are currently providing support in:

- **Indonesia** - Over 1,400 people have lost their lives, after the coastal city of Palu was rocked by a 7.5 magnitude earthquake
- **Syria** and neighbouring countries - where refugees are battling to survive
- **Yemen** - where civilians are targeted amidst conflict, faced with famine and struggling to receive medical treatment for Cholera
- **Myanmar** - where Rohingya communities are being persecuted
